SARAH HUCKABEE SANDERS GOVERNOR STATE OF ARKANSAS

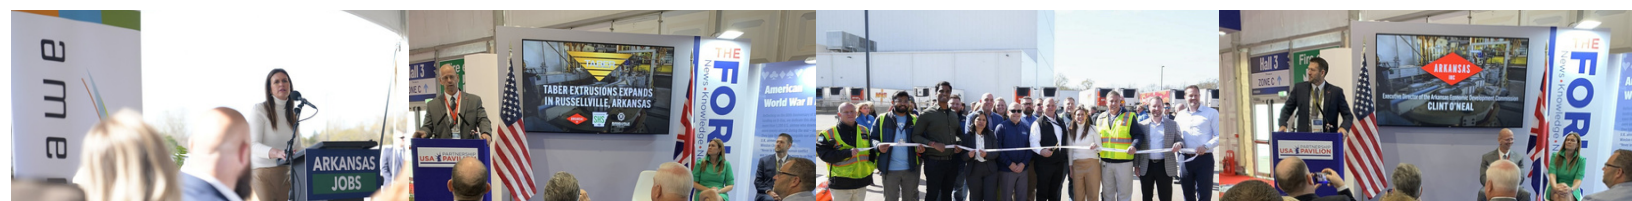

"It was an honor to join the Americold team to open their newest expansion in Russellville. Low taxes, a friendly business environment, and my administration's focus on education and workforce give Arkansas a competitive edge. I'm glad companies like Americold see our advantage and are doubling down on the Natural State."

"It's an honor to join Taber Extrusions at the Farnborough International Airshow to announce its latest expansion in Russellville Arkansas. Taber Extrusions has operated in Arkansas since 1976, and we look forward to many more years of business success for them. Congratulations to the City of Russellville on this economic development win, which creates 70 new jobs in the River Valley region."

CLINT O'NEAL EXECUTIVE DIRECTOR ARKANSAS ECONOMIC DEVELOPMENT COMMISSION

RUSSELLVILLE, AR 72801

CHAMBER@RUSSELLVILLECHAMBER.COM

Dear Chamber Members,

This year, we've made incredible strides in our mission to create lasting economic opportunities and improve the quality of life for the River Valley region.

Our dedication to job creation and workforce development remains steadfast, and this year's major milestones reflect that commitment. In 2024, we celebrated a landmark expansion with Taber Extrusions, whose growth brings not only new jobs but also solidifies our region as a critical player in the advanced manufacturing sector. Additionally, we were thrilled to host Governor Sanders at the ribbon cutting for Americold's newest facility in Russellville. Americold is a leader in cold storage whose significant investment in our community will further diversify our economic landscape and create long-term opportunities for our residents. Owens Corning also continues to thrive, serving as a new, key employer and contributing to our robust industrial foundation.

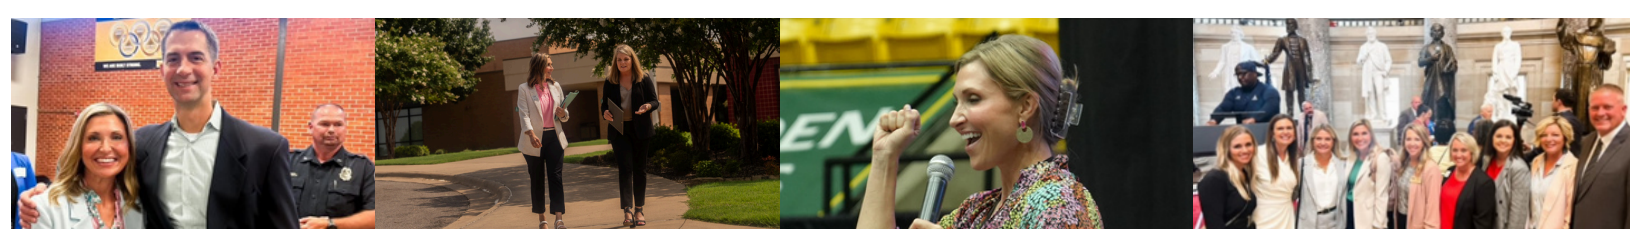

As we continue to grow, we recognize that a highly skilled workforce is essential for our region's competitiveness. This year, we have deepened our partnerships with local educational institutions and training centers, expanding vocational programs and aligning training opportunities with industry needs. By investing in our workforce, we're creating a path to prosperity for our residents and ensuring that our industries have the skilled employees needed to thrive.

The power of collaboration remains the heart of our strategy. Our success is only possible through partnerships with local leaders, businesses, educational institutions, government agencies, and residents. We are grateful to work alongside each of you, and I encourage all members to continue engaging with the Chamber and Alliance as we work toward a shared vision for our region.

As I look at all we've achieved this past year, I am deeply proud of the resilience, vision, and unity of our community. Together, we're creating a vibrant, diverse, and competitive regional economy that not only benefits us today but lays the groundwork for generations to come. Our purpose is to be faithful stewards of this region, investing in our community today so that we may enjoy a prosperous tomorrow. Economic development is truly a team sport.

Thank you for being a part of this journey!

Dr. Megan Selman
